

Rockwell Parts

Rockwell Part - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an environment which encourages the highest integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious company and offering a safe atmosphere for their employees to work in. Furthermore, they have applied several programs within the corporation to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever questions or comments, as they are glad to promote and share this policy with a greater understanding of their efforts. They are really dedicated to preserving and improving the surroundings. AxleTech has an EHS program that not only protects the environment but which also actively protects their employees and neighbors also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both military and commercial applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles so as to meet certain application demands. They have over 1000 different axle specs within their current offering. With more than 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They provide complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have added details which could be found in the "ISAS" product selection.
