Advance-Nilfisk Part - Imagine how tedious it will actually be to tidy up your own house right after throwing a large party, with no aid from cleaning machines. Back in the day, the time carpets and upholstery had the dust beat out of them by hand; brooms, cleaning cloths and brushes were the leading cleaning supplies during that time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After establishing his business in 1906, he started to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the start was to own a global business selling goods globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one person. This creation came in a time where numerous cleaning machines were massive and required 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the method we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an existing problem; things get dirty and must be cleaned regularly, without a lot of effort.

Slowly but steadily, Nilfisk-Advance developed throughout the years. During the 1980s, this development truly took place when the company became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the business, trying to be one of the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the world by gradually obtaining lots of small businesses to be able to develop their product portfolio and presence in new markets. They are really proud to offer a variety of cleaning solutions to fit each requirement.
