

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each international industry. Transporting industrial goods occurs each day on our busy planet. First innovated as industrial vehicles in the 1930s in the United States, forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally.

In nineteen forty nine, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation with the trade. TCM began constructing forklift manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures several models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
