

Fork Mounted Sweeper

Fork Mounted Sweepers - This particular accessory really makes industrial sweeping jobs much easier to finish. The handy forklift mounted broom is meant for use with either wet or dry material clean ups. It could push snow and squeegee water without problems. This particular accessory is often used to be able to clean debris from construction sites, docks, parking lots, warehouses and almost everywhere it is required. The forklift sweeper is a low maintenance accessory which utilizes quick-tite blade products to effortlessly attach to the forklift.
